

## **Postdoctoral Research Associate in Archaeological Collections Management**

The Illinois State Archaeological Survey (ISAS), part of the Prairie Research Institute at the University of Illinois, is seeking a two-year postdoctoral researcher in Archaeological Collections and Digital Data Management to work alongside a new Curator in Midwestern Archaeology. This is a salaried position with benefits, starting as soon as possible after the close date.

The researcher will facilitate access to collections and data for ISAS archaeologists and assist in overseeing, organizing, accessioning and supervising the processing, documentation and storage of accessioned materials, written and digital documents, and photographic data. This includes a research component. The candidate will possess a Ph.D. in anthropology, archaeology, or closely related field. Candidates with a Ph.D. in Museum Studies or Library and Information Sciences with an MA in anthropology or archaeology will also be considered.

The successful candidate will possess a demonstrated knowledge of relational database use and management in a museum or collections management setting. Preference given to a candidate with a specialization in pre-Columbian archaeology and artifacts of the American Midwest.

To ensure full consideration, email a letter of application, c.v., and the names and contact information of three professional references to Michael Farkas ([mgfarkas@illinois.edu](mailto:mgfarkas@illinois.edu)), Chair, ISAS Postdoctoral Search Committee. The position will remain open until filled.

*The University of Illinois is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply. For more information, visit <http://go.illinois.edu/EEO>.*
